DETAILED ACTION

Response to Amendment

1. This Office Action is responsive to the amendment filed on August 1, 2007, in which claims 1, 38, 56, 57, and 58 were amended. Claims 1-58 are pending.

Information Disclosure Statement

2. The Serial No. listed on the Information Disclosure Statement (IDS) filed on May 9, 2007 belongs to another application; therefore, the IDS has not been considered. Please correct the serial number and resubmit the IDS for consideration.

Claim Rejections - 35 USC § 112

3. Claims 1, 38, 56, 57, and 58 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Applicant amended the claims to include the feature "without imposing as a prerequisite for the on-line transaction that the vendor must have entered a billing agreement with a billing service and that the customer must have registered with the billing service" and "in the absence of a billing service" and cited section numerous sections of the specification to support the amendment. However, the cited sections do not provide support for these features. If Applicant disagrees, please precisely identify where in the specification supports these features : "without imposing as a prerequisite for the on-line transaction that the vendor must have entered a billing agreement with a billing service and that the customer must have registered with the billing service" and "in the absence of a billing service".

4. Claims 2-37 and 39-55 depend on claims 1, 38, 56, 57 or 58; therefore, these claims are also rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
